Response to Amendment

1. In the amendment filed 10 June 2008, the following has occurred: claims 1 and 38 have been amended; claims 24-37 have been cancelled. Now claims 1-4, 6, 11, 17, and 38 are presented for examination.

Allowable Subject Matter

2. Claims 1-4, 6, 11, 17, and 38 are allowed. The following is an examiner's statement of reasons for allowance:

3. The primary reason for allowance of claims 1-4, 6, 11, 17, and 38 is the inclusion of the limitation in all of the claims which are not found in the prior art references, of a computer implemented method of interactively selecting a specific seat of a venue and displaying additional information in response to user interaction with the display of the plurality of seats as a result of the user placing a mouse over a seating chart. The prior art teaches providing airline seating charts indicating available seats (see page 1, paragraph 3 of Anderson et al.); adding a specific seat to a list (see Figure 19A, and column 14, lines 35-52 of Rose et al.); viewing an image from the seat (see column 7, lines 54-59 of Helbling et al.); and providing shopping information in response to a mouse over (see column 33, lines 45-67 through column 34, lines 1-21 of Tavor et al.). However, the prior art does not teach providing information with respect to the seats selected. In order to combine all of these references with the reservation system one would have to modify the mouse over functionality. Therefore, this is not an obvious combination.

4. Any comments considered necessary by the Applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the

issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
